

Fellows Complete Their Last Class!

The May Session was the last class for the Class of 2021 fellows! They spent the day at Camp Thompson where the last group presented on their Community Engagement Project for Operation Veterans Hope, they learned about "Finding Purpose and Meaning" from Steve Riccio with Dickinson College, presented their final fellowship reports from their board assignments and spent the afternoon playing in a Viking Chess Championship. What a great way to spend time together in person to end the year!

Getting involved is important.

At M&T Bank, we know how important it is to support those organizations that make life better in our communities. That's why we offer our time and resources, and encourage others to do the same. [Learn more at mtb.com.](#)
